

## QUICKSILVER “The Jewel of Bali”

As the only cruise to the picturesque island of Nusa Penida, Quicksilver proudly transfer passenger daily in an innovative sleek aluminum vessel. Develop in Australia on the Great Barrier Reef, the 37-Meter Water Piercer Catamaran, Quicksilver is world renowned for its high standart off passenger comfort and safety. Instead of riding over the top waves, the twin hulls actually pierce the water below surface, thus enabling a much smoother ride in all sea and weather conditions. While relax in the luxury air condition cabin, 3rd level deck is open for sunbathing also to feel sea breeze.

### **QUICKSILVER MEGA PONTOON**

Quicksilver dual level modern pontoon floating on the crystal clear water at Toyapakeh Bay means 'SALTY WATER' where lay a beautiful marine park below and abundant of various tropical coral fish swimming underwater. Facilitate with the underwater observatory, watching closely these magnificent underwater creatures surrounding splendid coral cluster and rich kind of tropical fish. Various activities along side the pontoon such as snorkeling, view the spectacular underwater life from a Semi Submarine vessel or The Underwater Observatory, Waterslide, Ocean Water Treatment and other water sport is available upon request. Our qualified multilingual crew will be happy to serve you in every activity.

### **NUSA PENIDA ISLAND**

Located between Bali and Lombok Island. Nusa Penida is the biggest Island compare to Lembongan and Ceningan Island The beautiful island formerly acquired a somewhat eerie reputation as it was once the place of banishment for criminal's, undesirable and political agitators from the Kingdom of Klungkung.

### **EXCLUSIVE CHARTER CRUISE**

The exclusive Charter of Quicksilver for a cruise to the Nusa Penida Island offers the unshared use of the vessel and pontoon site. The day can operate as a standard Quicksilver day Cruise or can adapted to suit the varying needs of particular groups. This type of charter allows us to consider any special requirements the group may have. Evening charters are also available. Whether it is a formal or romantic dinner, the committee is allowed to décor the main deck and the waiting room. To merrier the event, Balinese dance is available upon requests (optional).

### **SNORKELING**

Imagine ...watching the beautiful coral garden and reef in the crystal clear water teeming with marine life wander around you. They are just simply magnificent and would surely take your breath away. Due to the occasionally strong current condition in the snorkeling area, good swimming skills is advisable. Life jacket and snorkeling equipment are available on the pontoon. Our instructors are available to assist you to wear them properly in order for you to enjoy the best snorkeling experience.

### **BANANA BOAT**

The banana boat is an inflated tube that carries passengers and it is towed by a boat while riders hold on to the rope and try not to fall off – which eventually happens. Therefore passengers are required to wear life jackets and always be guided by our instructors. The rides is available on the pontoon shortly after arrival and will be at your service all day.

### **WATER SLIDE**

A water slide also referred to as flume, water chute or hydro slide is a type of slide designed for outdoor recreational use at water parks. Come and join the excitement of our 60 meter long and curvy water slide that takes you right down into the sea. It is simply an unforgettable splash!

### **SEMI SUBMARINE**

Explore the under water of Nusa Penida Island. You shall be amazed by the collection of beautiful corals and fishes that swim along the subsea. Without the need to even get wet, you will enjoy Nusa Penida Island under water life with awe. The trip takes approximately 20 minutes and no booking is necessary, the subsea carries 34 passengers on each trip. We have 2 the subsea.

### **OCEAN WATER TREATMENT**

The ocean water treatment have a calming and sedative effect using the natural elements of seawater. It provides essential minerals to cleanse and rejuvenate the body, in association with treatments to relax, relieve tension, encourage detox and rejuvenation.

### **UNDERWATER OBSERVATORY**

The lower level of the pontoon provide a place to view and observe the beautiful marine life around the pontoon. Through the windows you may see various colorful fish swimming around, corals swaying affected by the ocean current of Nusa Penida Island. It is truly mind soothing, a perfect way to enjoy your holiday in Bali.

### **TOYAPAKEH VILLAGE TOUR**
